

South Dakota FAASTeam presents:

2013 National Safety Stand Down

Meet your fellow aviators at the 4th Annual National Safety Stand Down. This year thousands of pilots across the country will come together as a Safety Community to participate in a dynamic, interactive program devoted to Local Safety Issues, Loss of Control, and the number one aviation fatal factor - Human Error.

This year we are combining our Local Pilot & Airport User Meeting as part of this three hour event. Catch up on the latest security concerns and requirements. Find out what's going on at the Rapid City Regional Airport

<http://www.rcgov.org/Airport/>. Radar service, air traffic activities, potential user fees, pilot deviations, runway markings & signage, service limitations, military exercises, temporary flight restrictions, airport construction projects, and special use airspace are just a few of the topics to be discussed.

For those airport users, please print the attached document in this notice titled "2013 RSAT FBO and Flight School Checklist", complete it, and bring it along with you to be discussed by the Rapid City Air Traffic Controllers.

Knowledge and Proficiency are the foundations of safe operations. Attend this event and earn all three Knowledge Credits for a Basic Phase in the WINGs Program.

Event Details

Sat, Apr 6, 2013 - 9:00 am
TSA Administration Building
Conference Room
4275 Airport Road
Rapid City, SD 57702

Contact: Steven R. Hoogerhyde
(605) 737-3024
steven.hoogerhyde@faa.gov

Select #: GL2749283
FPM Steven R. Hoogerhyde

Directions: This event will take place at the Rapid City Regional Airport TSA Administration Building Conference Room. Once you turn off Highway 44 toward the airport, keep driving straight ahead past the traffic light and continue up the hill toward the general aviation hangars. Turn left on airport road and the TSA Administration Building is 200 feet down on the left side.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
